INDEX TO 1933 EDISON ELECTRIC INSTITUTE BULLETIN VOLUME I

General Index—April-December

A

Accident Prevention Committee reorganized, 147
Accidents and Accident Prevention
  Medals for resuscitation to be given by Institute, 262
  safety grounding, 262
  unusual shock accidents, 256
Accounting and Office Methods
  "Increasing the Accountant's Usefulness in the Public Utility Industry," by V. Thiemann, 171
  "Increasing the Usefulness of the Accountant in the Public Utility Industry," by Louis N. Rowley, Jr., 209
  "Strategy of Presentation," by Richard L. Fuller and Herman L. Bevis, 251
Air conditioning, load building opportunities, 137
Alabama Power Company awarded Augustus D. Curtis Award, 273
"All Electric Team in the New Deal Series," by C. E. Greenwood, 233
American Standards Association, industrial standardization, 156
"Application of Collateral NRA Codes to the Electric Light and Power Industry," by Alexander Maxwell, 197
Arcing ground suppressors, foreign practice, 183

B

Better Light—Better Sight, 101
  E.E.I. Lighting News, 136
"Better Public Relations Through Systematic Personal Contacts," by H. M. Sawyer, 201
Byllesby, H. M., Award. *See* Prizes and Prize Papers

C

"Century of Progress and the Electrical Industry," by George B. Cortelyou, 167
Century of Progress Exposition, electrical exhibits, 5, 24, 167
Chicago Central Station Institute, educational courses, 68
  art exhibits, 22
Cinder catcher development, 241
Circuit breakers, progress report on operating experience, 276
Code for Electric Light and Power Industry
  application of collateral NRA Codes to industry, 197
  conference at St. Louis, 261
  early hearing in prospect, 229
  preliminary code accepted, 133
  revisions, 240
"Commercial Activities, Notes on," by C. E. Greenwood, 165
"Commercialism and Competition—Today and Tomorrow," by George E. Whitwell, 74
Committee Appointments, 26
Committees
  Accident Prevention, 147
  Accounting, 26, 82
  Codes and Standards, 26
  Educational, 68
  Electrical Equipment, 26, 82, 166, 286
  Joint Research on Boiler Feed Water Studies, 240
  Joint Subcommittee on Development and Research, 32, 95, 211, 256, 287
  Operating, 262
  Power Generation, 26, 81, 232
  Prize Awards, 26
  Rate Research, 26
  Sales, 12, 27, 28, 81, 280
  Special Committee on Lighting Program, 136
  Statistical, 27, 100
  Transmission and Distribution, 27, 82, 232, 285
  Rural Sales, 232
Conductors, impedance characteristics of copper-covered steel, 32
Constitution of Edison Electric Institute, 3
  amendments, 71
Conventions. *See* Meetings and Conventions *also* Edison Electric Institute Convention
Cookery. *See* National Electric Cookery Council
Cooperative Studies for Joint Use of Wood Poles, 127
Coordinated Power Circuit Transposition in Telephone Noise Problems, 256
Correspondence, 194
Curtis, Augustus D., Award. *See* Prizes and Prize Papers

D

Davidson, J. E., Prize Awards. *See* Prizes and Prize Papers
Davidson, J. E., Urges early preparation for Refrigeration Week, 135
Decrease in municipal plants, 231
"Development of a Lighting Service and Its Accomplishments," 273
"Development of a New Type of Cinder Catcher," by George C. Cook, 241
"Developments and Trends in Power Stations," by Frank S. Clark, 150
Distribution of electrical energy, 83
